

Compare Brief

One decision document for 3 nursing homes. CMS data as of August 2026. Generated September 29, 2026.

Christwood

Covington, LA - CCN 195381 - Overall 5 of 5

Ochsner Medical Center Skilled Nursing Facility

Jefferson, LA - CCN 195180 - Overall 5 of 5

Pierremont Healthcare Center

Shreveport, LA - CCN 195312 - Overall 1 of 5

What is inside

- A scorecard of the same public CMS measures, side by side.
- Plain-language notes on differences the records actually support.
- Seven shared tour questions, plus a few follow-ups for each home.
- A notes page for your visit. You decide. This PDF does not.

What this is not

- Not a ranking, and not a recommendation of one home.
- Not live bed availability or a private-pay price.
- Not a substitute for a visit or for Medicare Care Compare.

The Oversight Report is an independent publication of DataLink Clinical LLC. It is not affiliated with, endorsed by, or a contractor of CMS or the U.S. Department of Health and Human Services.

Nursing homes cannot pay OversightReports to be included, excluded, or presented differently in this Compare Brief. A family payment buys this document. It does not change the facts or how a home is shown.

Scorecard

Same public fields as the free comparison. Direction labels are CMS meanings, not a verdict.

Measure	Christwood	Ochsner Medical Center Skilled	Pierremont Healthcare Center
Overall rating Higher is better	5/5	5/5	1/5
Health inspections Higher stars are better	4/5 - 8 citations	5/5 - 6 citations	1/5 - 47 citations
Staffing Higher is better	5/5 - RN 0.68 HPRD	5/5 - RN 1.82 HPRD	3/5 - RN 0.26 HPRD
Quality measures Higher is better	3/5	2/5	2/5
Serious citations Lower is better	0 Immediate Jeopardy	0 Immediate Jeopardy	6 Immediate Jeopardy - SFF - Abuse icon
Fines Lower is better	\$0	\$8K	\$422K
Ownership Context matters	Non profit - Corporation	Organization	NEXION HEALTH

Days with no RN Lower is better	53%	24%	61%
Significant weight loss Lower is better	-	-	0.0%
Falls with major injury Lower is better	-	-	0.0%
Pressure ulcers Lower is better	-	-	4.0%
Beds Context matters	30	30	180

Material differences

Only gaps large enough to ask about are written out. If a figure is missing, or the records are too close to treat as a difference, the page says so.

Christwood and Ochsner Medical Center Skilled Nursing Facility report higher overall star ratings (Christwood 5 of 5; Ochsner Medical Center Skilled Nursing Facility 5 of 5; Pierremont Healthcare Center 1 of 5). CMS treats a higher overall star as better. Ask what the stars leave out for your family, including distance and the kind of care you need.

Ochsner Medical Center Skilled Nursing Facility reports higher health inspection stars (Christwood 4 of 5; Ochsner Medical Center Skilled Nursing Facility 5 of 5; Pierremont Healthcare Center 1 of 5). Ask what the last inspection found and what changed afterward.

Christwood and Ochsner Medical Center Skilled Nursing Facility report higher staffing stars (Christwood 5 of 5; Ochsner Medical Center Skilled Nursing Facility 5 of 5; Pierremont Healthcare Center 3 of 5). Ask how nights and weekends are staffed.

Christwood reports higher quality-measure stars (Christwood 3 of 5; Ochsner Medical Center Skilled Nursing Facility 2 of 5; Pierremont Healthcare Center 2 of 5). Ask which resident outcomes the home is working on.

Ochsner Medical Center Skilled Nursing Facility reports lower health deficiency counts (Christwood 8; Ochsner Medical Center Skilled Nursing Facility 6; Pierremont Healthcare Center 47). Ask which citations are still open.

Christwood and Ochsner Medical Center Skilled Nursing Facility report lower Immediate Jeopardy citation counts (Christwood 0; Ochsner Medical Center Skilled Nursing Facility 0; Pierremont Healthcare Center 6). Ask what those findings were and what is different on the unit now.

Christwood reports lower reported CMS fines (Christwood \$0; Ochsner Medical Center Skilled Nursing Facility \$8,186; Pierremont Healthcare Center \$422,178). Ask which penalties were paid and what was corrected.

Ochsner Medical Center Skilled Nursing Facility reports higher registered-nurse hours per resident day (Christwood 0.68 HPRD; Ochsner Medical Center Skilled Nursing Facility 1.82 HPRD; Pierremont Healthcare Center 0.26 HPRD). Ask which shifts have a registered nurse in the building.

Ochsner Medical Center Skilled Nursing Facility reports higher weekend registered-nurse hours (Christwood 0.54 HPRD; Ochsner Medical Center Skilled Nursing Facility 1.24 HPRD; Pierremont Healthcare Center 0.19 HPRD). Ask who covers Saturday and Sunday.

Ochsner Medical Center Skilled Nursing Facility reports lower shares of days with no registered-nurse hours (Christwood 53.3%; Ochsner Medical Center Skilled Nursing Facility 23.9%; Pierremont Healthcare Center 60.9%). Ask how often payroll shows a day with no RN hours, and what you should expect on a tour.

Pierremont Healthcare Center reports an active Special Focus Facility designation. Christwood and Ochsner Medical Center Skilled Nursing Facility do not, in this extract. Ask what that designation means and what the improvement plan is.

Pierremont Healthcare Center reports a Care Compare abuse icon. Christwood and Ochsner Medical Center Skilled Nursing Facility do not, in this extract. Ask what the icon refers to and how allegations are investigated.

Questions for your visit

Shared questions

- 1. How many nurses are on the unit at night and on weekends, and is a registered nurse in the building?
- 2. What did the last health inspection find, and what changed afterward?
- 3. How do you notify family when a resident falls, loses weight, or goes to the hospital, including after hours?
- 4. How do you handle call lights, falls, and pressure injuries?
- 5. Who operates the home day to day, and has ownership changed recently?
- 6. Can we see the unit, meet the nurse on duty, and review a sample care plan?
- 7. What should we verify ourselves on Medicare Care Compare before deciding?

Follow-ups for Christwood

- Ask which shifts have a registered nurse in the building, including nights and weekends.

Follow-ups for Ochsner Medical Center Skilled Nursing Facility

- Ask which shifts have a registered nurse in the building, including nights and weekends.

Follow-ups for Pierremont Healthcare Center

- Ask what the 6 Immediate Jeopardy citations referred to and what is different on the unit now.
- Ask about Special Focus Facility status and the current improvement plan.
- Ask what the Care Compare abuse icon refers to and how the home investigates allegations.
- Ask which penalties are still open and what was corrected after the fines.

Notes and decision

Write what you saw and what still matters. Distance, specialty care, and the people you met can outweigh a higher star rating. This page is not a score.

This Compare Brief is a decision aid for the homes named on the cover. It does not pick a home or assign a rank.

CMS ratings leave out considerations that matter to a particular family, including specialty care and how close the home is.

Staffing hours are payroll-based journal reports. An HHS Office of Inspector General audit found unsupported RN staffing hours in sampled records. Treat hours as reported, then ask what you will see on a tour.

This document does not show live bed availability or private-pay prices.

Missing figures are labeled "Not enough comparable information." A small gap is omitted rather than called equal.

The Oversight Report is an independent publication of DataLink Clinical LLC. It is not affiliated with, endorsed by, or a contractor of CMS or the U.S. Department of Health and Human Services.

Nursing homes cannot pay OversightReports to be included, excluded, or presented differently in this Compare Brief. A family payment buys this document. It does not change the facts or how a home is shown.
